

Brightly Origin™

# Origin Implementation

**Getting started with our experts for your guaranteed success**

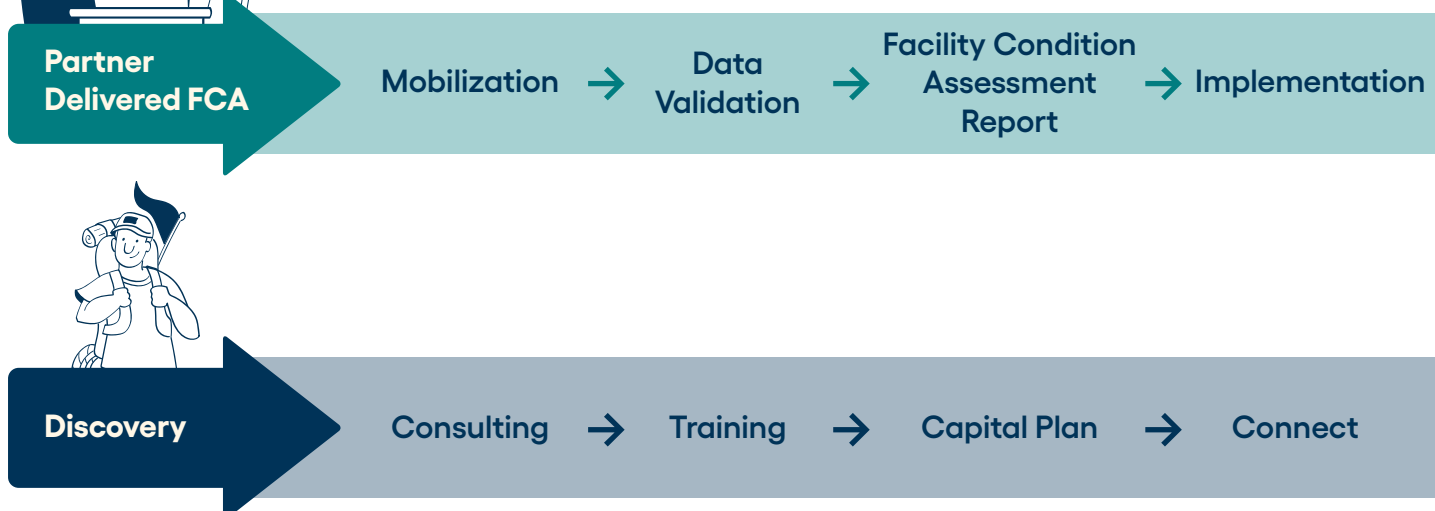

Getting started with any new software may seem challenging but here at Brightly, our experts understand your needs and make sure you start on the right foot. Our implementation professionals don't just set up your Origin solution, they walk you through your data and connections, best practices, training and more!

Origin capital planning software implementation options range to meet your needs based on your capital planning experience and organizational needs so you know you're getting the right setup to meet your organizational goals.

## Your Implementation Journey

Helping you manage and create meaningful capital plans is our goal. Our team of experienced consultants work with our trusted partners through the facility condition assessment (FCA) process to ensure clean data and a successful start with Origin. Here's what you can expect:
