

Brightly Energy Manager

Simplify Energy Management to Reduce Waste & Increase Savings

Utilities are likely a top line item in your budget – so how do you make sure you're tracking your energy use and capitalizing on opportunities for savings?

Energy Manager by Brightly Software is an energy management platform designed as a smarter way to manage utilities, reduce waste, and help you reinvest your savings where they matter most.

Key Benefits

Improve insights

Improve visibility with your utility bills and centralized data, so you can easily see energy use and drive smarter decisions – all in one intuitive interface.

Enhance reporting

Track, measure and verify utility billing and capital projects to show true ROI and report on resulting avoided cost.

Support your decisions

Prove your impact with near realtime interval data and actionable insights to help build a culture of conservation across your organization.

Real Results for Clients
